Hellenic Regulatory Body of Nurses
(H.R.B.of N.)

2nd Pan-Hellenic & 1st Pan-European
Scientific & Professional Nursing Conference
Under the auspices of **fepi**

[**12 - 15**
May 2009]

Capsis Hotel Rhodes

Chairperson's Greeting

Ladies and gentlemen,

It was with great pleasure that we accepted the decision of our elected representatives to hold the "2nd Pan-Hellenic Scientific & Professional Nursing Conference" in Rhodes from the 12th to the 15th of May at the Capsis Hotel Rhodes - a conference that is being prepared with great care and whose success will be enhanced by your participation. This scientific initiative was launched with great success in Lefkada last year, with a turnout of 4,000 delegates, and is the foremost Professional and Scientific Nursing institution in our country as far as conferences go.

My personal satisfaction is multiplied by the fact that recently, from the 27th to the 29th of November, the 4th Annual International Conference of the European Council of Nursing Regulators (FEPI), a conference that we also organised with success, was held in Thessaloniki. In the capital of northern Greece we realised the international need for a pan-european professional and scientific meeting to address not only issues pertaining to the Legal Entities (the national nursing regulators) but also the Nurses themselves, who are faced with the new challenge of the times: the mobility between European countries of both Professional Nurses and patients seeking medical care in European countries. Having taken note of this demand and with the prompting and support of FEPI, we now **venture** to organise ENE's

“2nd Pan-Hellenic and 1st Pan-European Scientific & Professional Nursing Conference” in Rhodes, hoping that from now on ENE’s annual, Pan-European, conference will be a pole of attraction and a forum for the discussion of issues concerning Nursing, patients and/or the general population, both in Greece and in Europe.

I am certain that the debate between the speakers and the delegates, Greek and foreign colleagues, will prove to be particularly useful to both sides and the conclusions drawn from the individual discussions will serve in the performance of our duties.

Eminent scientists from Europe and the Americas have been invited and will attend, to communicate to us the different environment prevailing in their countries not only in the area of knowledge and education but also in day-to-day nursing.

We look forward to seeing you in Rhodes.

The Chairman of the Board of Directors of the E.N.E. (HRBofN)

A brief note on Rhodes

The island of Rhodes is situated at the crossroads of two major sea routes of the Mediterranean, between the Aegean Sea and the coast of the Middle East.

During its centuries-long history, Rhodes has lain in the path of different civilisations, and the people that have inhabited it have left their traces on every aspect of the island's identity: on art, language, architecture. Its strategic position brought wealth to the island and made the city of Rhodes one of the prominent cities of antiquity.

Rhodes is the largest island of the Dodecanese. The island's capital is located on its northernmost tip and is also the capital of the prefecture of the Dodecanese. For half a century the Colossus, one of the seven wonders of the ancient world, stood at the entrance of its harbour. In the centre of the capital is the Medieval City, which was designated a **World Heritage City** in 1988.

The Medieval City of Rhodes is the combined result of different architectures from different historic eras, predominantly those of the Knights of St. John (14th-15th c.) and of the Ottoman occupation. Today it is a lively section of the modern city with various commercial, tourist and entertainment activities, as well as residential areas.

The Conference Centre and Associated Hotels

CAPSIS HOTEL RHODES & CONVENTION CENTER “MARIKA CAPSIS 2000”

Capacity: 650 guestrooms

The largest convention centre in Greece. It has the largest single conference room with a capacity of 3,500 delegates, and a total of 100 meeting rooms with a capacity that ranges from 15 to 1,650 delegates. Its total conference capacity amounts to 8,500 delegates. Its largest exhibition area covers 5,950 square metres.

The hotel is located at Ixia, which is one of the most popular cosmopolitan tourist resorts in Rhodes as well as the port of the Municipality of Ialysos.

It is a five-star hotel, just a five-minute drive from the airport and the Medieval City of Rhodes, which has been designated a World Heritage City by Unesco. With an exquisite view of the Aegean, it is surrounded by gardens, palm trees, and a lake with a small zoo.

The hotel has 691 guestrooms and suites (smoking and non-smoking rooms available), including guestrooms for guests with special needs. Most guestrooms offer views of the sea. They all reflect the Greek influence with a combination of warm colours, marble, and wood. Amenities include Wi-Fi access in all public areas of the hotel and high-speed Internet connections in all guestrooms and suites.

GUIDELINES FOR THE SUBMISSION OF ABSTRACTS

Authors may submit abstracts of their papers, whether for oral or poster presentation, either online through the conference web page or by electronic mail, as follows:

I. Online: The abstract may be submitted online through the conference web page, <http://www.tnt-executive.gr>, according to the guidelines. Authors may submit any requests for further information to the Conference Organiser.

T&T Executive S.A.: 193, Kifisias Ave. & 24, I. Doussi Street, Athens GR - 151 24, Tel.: +30 210 8055393, Fax: +30 210 6984294

II. By electronic mail: Paper abstracts may be sent by e-mail to: rc3@tnt-executive.gr with the following attachments:

- a) the completed paper abstract submission form;
- b) the abstract in an MS Word file which will include: the title, the authors' names, the authors' centres of origin and the text of the abstract;
- c) the accompanying e-mail message, which must include the full particulars of each author (name, surname, address, telephone number (landline and mobile), place of work, position, and academic title).

The **Research** papers must be structured as follows: Introduction, objective, sample, methodology, results, and conclusions.

The **Reviews** must be structured as follows: Introduction, objective, literature review, conclusions. Please follow the instructions for the preparation of papers mentioned below.

Abstracts sent by fax will **not** be accepted.

DEADLINE FOR THE SUBMISSION OF ABSTRACTS

28 February 2009

GUIDELINES FOR THE SUBMISSION OF ABSTRACTS

General remarks

1. Abstracts submitted after the deadline for submission (28 February 2009) will **not** be accepted.
2. For a paper to be presented, the registration fee must be paid by at least one of the co-authors of the paper within ten (10) days following the notification of approval.
3. Each author may present only one paper though he/she may participate in more than one paper.
4. Within three (3) days of receipt of the abstract, the conference organiser will send proof of receipt to the author in charge of correspondence with the company. It is the latter's responsibility to notify the conference organiser, T&T Executive, should he or she does not receive such proof of receipt.
5. The abstract evaluation results will be sent to the author in charge of correspondence by the **20th of March 2009**.

Guidelines for abstract preparation

1. The text must be typed in MS Word, in the Greek or English language, using 12-point Arial, as it appears in the following sample: ABCDEFGH. It must be fully justified and should not be more than 250 words in length.
2. The title of the paper must be written in bold title case characters.
3. The authors' names must be in the nominative (if in Greek), written in title case, with the first name (unabbreviated) preceding the surname.
4. The name of the author who will present the paper must be underlined.
5. Under the authors' names in the text of the abstract, the centre and city of origin of each author must be written in title case (e.g. Ioannis Papadopoulos¹, Panagiota Pavlou², Panagiotis Iakovou¹).

1. General Hospital of Molaoi
2. General Hospital of Kastoria

6. Mention of the authors' place of work should not be made in the title or the text of the abstract itself.
7. Single line space should separate each of the following: the title, the authors' names, the authors' place of work, and the text of the abstract.

GUIDELINES FOR THE SUBMISSION OF ABSTRACTS

8. The text of the abstract may contain standard abbreviations, tables and diagrams on condition they do not exceed the justification margins, and should not be over 250 words in length.
9. In the appropriate space provided in the form, mention must be made of the thematic unit under which the paper classified.
10. After receipt of the paper, no changes, additions or corrections will be accepted.
11. The authors of a Review must not be more than 2 (two) and the authors of a Research paper must not be more than 7 (seven).
12. Paper abstracts without the required details or with phrases such as “the results will be discussed” or “the evidence will be presented” etc. will not be accepted.

Evaluation of oral and poster presentations

All the papers submitted for oral or poster presentation and publication at the Conference will be submitted to the Scientific Committee for approval.

All oral and poster presentations approved will be published in the CD of Abstracts and Papers. Therefore, it is recommended that authors take the utmost care in the content, documentation, wording and presentation of their papers.

Guidelines for the preparation of an oral presentation

The maximum duration of each presentation will be determined shortly before the Conference, depend on the number of papers submitted, but will not exceed in any case a total of 8 minutes. The use of clear typefaces of an appropriate size is recommended while the amassing too much information on a single slide should be avoided so that it can always be easily read from the back rows. At the same time, the excessive use of effects available by electronic presentation programs should be avoided.

GUIDELINES FOR THE SUBMISSION OF ABSTRACTS

Guidelines for the preparation of a poster presentation

The exhibition of poster presentations is considered a very important part of the Conference. It is a means of direct and effective communication between those interested in specific subjects, projects or programmes. The correct and careful design of the posters is important in achieving this aim.

What has been mentioned above concerning the publication of oral presentations in the CD of Abstracts and Papers for texts submitted for publication, applies equally to posters. Therefore, authors are requested to follow carefully these instructions for the preparation of their posters:

1. Poster presentations must be in the Greek or English language.
2. Each poster presentation should cite its thematic unit.
3. Each poster presentation must contain a title (preferably at the top) as well as the name(s) of its author(s).
4. The recommended dimensions for posters are 70 cm wide by 100 cm high.
5. If possible, the poster presentation should be on uniform material and should not consist of more than three sheets (a single sheet is preferable).

Authors of poster presentations should note that, if their papers are accepted, they will be asked to present their posters. Such presentations will take place at a specific time, to be announced in the conference programme, during which the Evaluation Committee will be making the rounds.

Award of Prizes

Prizes will be awarded to 1 research paper, 1 review paper and 1 poster presentation.

For your work to be considered, the complete text of your paper must be sent by 26 March 2009 to the Conference Secretariat e-mail address. Guidelines for authors can be found in the Hellenic Journal of Nursing Science (www.enne.gr/).

SOCIAL PROGRAMME

Opening Ceremony

The Conference Opening Ceremony will be held on Tuesday, 12 May 2009, at 20:30, at the Conference Hotel.

The Opening Ceremony is offered by the Organising Committee and is open only to **REGISTERED** Delegates.

Tour of the City of Rhodes

The tour of the City of Rhodes for accompanying persons and interested delegates will take place on Wednesday, 14 May 2009.

The participation fee is **30 Euros per person**.

Departure is scheduled for 13:30 p.m. and the meeting point with the T&T Executive representative and the guide is the hotel's main entrance.

The tour begins with a panoramic view of the coast and the New City and continues to the ancient harbour of Mandraki, the Post Office, the Municipal Hall, the Church of the Annunciation and the hill of Monte Smith. From the top of the hill we will enjoy the magnificent view of the Aegean and the Old Town. We will drive past the Acropolis of Ancient Rhodes with the temples dedicated to Zeus, Athena (Poliada Athena) and Apollo (Pythios Apollon) and the ancient stadium, which was recently restored.

We will then reach the d' Amboise Gate of the Medieval City, from where we will continue on foot to visit the Palace of the Grand Master, the most impressive building of the Medieval City. The old town was first built in the 14th century and was destroyed by an explosion in 1856. It was reconstructed in 1939 during the occupation of the island by the Italians.

The Road of the Knights is perhaps the only part that has remained intact and can

SOCIAL PROGRAMME

recount a 500-year story. The guided tour of the area is very interesting. At the end of our walk we will find ourselves at the Archaeological Museum of Rhodes, which is housed in the 15th century building of the Hospital of the Knights.

Note: This tour is free for delegates who have made their hotel reservation through the Official Conference Organiser, T&T Executive. This offer is NOT extended to accompanying persons, who will have to pay the aforementioned fee of 30 Euros if they wish to join in the tour.

* The tour will take place only if there are at least 50 participants.

Half-day excursion to Filerimos and Kameiros

The visit to Filerimos and Kameiros for accompanying persons and interested delegates will take place on Wednesday, 13 May 2009.

The participation fee is **35 Euros per person**.

Departure is scheduled for 08:00 a.m. and the meeting point with the T&T Executive representative and the guide is the hotel's main entrance.

Our first stop will be at the Mount of Filerimos, where we will be guided round the Acropolis of Ancient Ialysos and the ruins of the temple of Athena (4th c. B.C.) and the Doric fountain. Apart from the remains of the ancient era we will also see relics from the Byzantine and medieval history of the island, such as the monastery of the Virgin of Filerimos, with its underground chapel of Saint George Hostos and its 14th-century frescoes. A basilica was later built above it and in the 15th century the Knights of St John built the monastery. We will also see the Via Dolorosa, with the Stations of Jesus Christ to the Cross which terminates at the 50-foot high cross that overlooks the entire North-West coast of Rhodes.

Our last stop for the day will be at the archaeological site of Kameiros, which was one of the three Doric cities of Rhodes. This is one of the best preserved archaeological sites of our times.

* The trip will take place only if there are at least 50 participants.

SOCIAL PROGRAMME

Half-day excursion to Lindos

The visit to Lindos for accompanying persons and interested delegates will take place on Thursday, 14 May 2009.

The participation fee is **40 Euros per person**.

Departure is scheduled for 13:30 p.m. and the meeting point with the T&T Executive representative and the guide is the hotel's main entrance.

We will cross the idyllic landscape of the eastern part of Rhodes to reach Archangelos. We will stop briefly to see how traditional Rhodes pottery is made on the potter's wheel.

An hour later we will get to Lindos, the jewel of Rhodes, perhaps the most beautiful and picturesque spot of the island. A very interesting guided tour will take us round the archaeological site, including the Great Stoa, the temple of Athena Lindia (4th c. B.C.), the ancient theatre and the few remains of the temple of Dionysus.

The view from the Acropolis, which stands at a height of 115 metres above the coast, is unique. The guided tour will then take us to the picturesque village of Lindos with its traditional architecture and the decorated houses, many of which date back to the 15th and 16th centuries.

Our last stop will be at the medieval (15th c.) church of the Virgin Mary, with icons and frescoes which have recently been restored to their former glory.

* The trip will take place only if there are at least 50 participants.
